Mr. N. C. Kaufman, President
Fernald Environmental Restoration
Management Corporation
P.O. Box 398704
Cincinnati, Ohio 45239-8704

Dear Mr. Kaufman:

COMPREHENSIVE MONITORING EVALUATION INSPECTION

The United States Environmental Protection Agency (U.S. EPA) and the Ohio Environmental Protection Agency (OEPA) will be conducting a joint Comprehensive Monitoring Evaluation (CME) Inspection of the Fernald Environmental Management Project's (FEMP) integrated Resource Conservation and Recovery Act (RCRA)/Comprehensive Environmental Response Compensation and Liability Act (CERCLA) monitoring program on September 14 and 15, 1993. Part of the inspection will include observation of sampling techniques at the facility property boundary wells. It is imperative that installation and development of all 33 boundary wells be completed prior to the inspection.

The U.S. EPA, RCRA Enforcement Division, Office of Waste Programs Enforcement has published guidance (OWPE 9950.2) entitled, RCRA Comprehensive Ground-Water Monitoring Evaluation Document. Please ensure that appropriate staff review this guidance in preparation for the inspection.

If you or your staff have any questions please contact Pete Yerace at 648-3161.

Sincerely,

Raymond J. Hansen
Acting Manager
