Dear Mr. Hansen:

**CONTRACT DE-AC05-92OR21972, COMPLETION OF CONSENT AGREEMENT MILESTONE
COMPLETE CONSTRUCTION OF REMOVAL ACTION NO. 3 - PART 2**

The 1991 Amended Consent Agreement milestone of August 28, 1993, to install an extraction well system and commence pumping groundwater at the South Plume was met on August 27, 1993. CRU5 staff manned the system around the clock for the first three days of pumping to ensure that the system functioned as desired. A raw data package of the first three days of pumping flow data and monitoring well level data is being assembled for hand delivery to Delta Steel as agreed to in the court proceedings of last week. Additional data will be delivered based on a schedule to be laid out with representatives of Delta Steel.

Sincerely,

N. C. Kaufman
President
