- 3) Letter, G. E. Mitchell to J. R. Craig, "Comments on the  
Operable Unit 5 Work Plan Addendum," dated November 25, 1992

Enclosed for your review are the subject comment resolutions. As you will recall, the comments were discussed in our January 1993 Technical Information Exchange meeting. At that meeting, it was agreed that the responses would reflect monitoring well 2119 sampling results. These results have been received, and reviewed, and, where appropriate, incorporated into the enclosed comment responses. The enclosed document supplements the subject Work Plan Addendum and finalizes the Operable Unit 5 Work Plan documentation for the Outfall Line Investigation.

If you or your staff have any questions, please contact Kathleen Nickel at (513) 648-3166.

Sincerely,

  
Jack R. Craig  
Fernald Remedial Action  
Project Manager
