RE: Approval of OU #5 Work Plan
Addenda-Outfall Line
Investigation

Dear Mr. Craig:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the Resolution of Comments for the Operable Unit 5 Remedial Investigation/Feasibility Study Work Plan Addenda, Outfall Line Investigation. Based upon the information submitted in this document and the discussions during the January 1993 technical information exchange meeting, the United States Department of Energy has adequately addressed U.S. EPA's concerns.

Therefore, U.S. EPA approves the comment resolutions finalizing all Work Plan documentation for the outfall line investigation.

Please contact me at (312) 886-0992 if you have any questions.

Sincerely,

James A. Saric
Remedial Project Manager
