① DOE should be answering questions, NOT FERMCO. DOE is the responsible party here.

Make especially w/ respect to issues around EA, EIS, FANSI, etc.

Thank you for taking the time to fill out this evaluation form.

② The EIS process should have been laid out clearly in an exhibit.

③ The EA for 003 should have been distributed a month ago, ~~to~~ to key stakeholders, so the comments + questions would have been better informed.
