Dear Mr. Saric and Mr. Mitchell:

FACILITY UTILIZATION REPORT

The purpose of this letter is to transmit, for your review, the January 1994 Facility Utilization Report. As required by the 1991 Amended Consent Agreement, Section IX.F.4, the primary purpose of this report is to determine which facilities at the Fernald Environmental Management Project (FEMP) site are not needed during remediation and are, therefore, candidates for decontamination and decommissioning. This annual review was done to facilitate the systematic planning of the future remediation of the site.

If you or your staff have any questions or comments, please contact Johnny Reising at 513-648-3139.

Sincerely,

Jack R. Craig
Fernald Remedial Action
Project Manager
