John S. Applegate
Chairman for the Fernald Citizens Task Force
University of Cincinnati
Room 415
College of Law
Cincinnati, OH 45221-0040

Dear Professor Applegate:

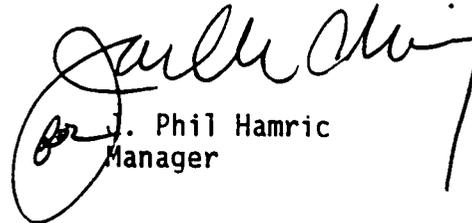

NOTIFICATION PLAN FOR WASTE SHIPMENTS FROM THE FERNALD SITE

I am pleased to convey to you Department of Energy (DOE)'s proposal to notify the Fernald Citizens Task Force, the public, and several key stakeholder groups about waste shipments from the Fernald Environmental Management Project. DOE's plan is outlined below.

- 1) DOE will prepare a monthly *projection* (in the format suggested in Enclosure A) of the types of wastes being shipped from Fernald, how the wastes are being transported, the schedule for shipments, and the final destination of the wastes. The waste shipping information provided to the Task Force will be based upon the best and most current information available, but will be provided with the understanding that it represents planning estimates only, and should not be viewed by the Task Force or others as commitments or restrictions on actual shipments.
- 2) A copy of the notification will be transmitted to you, as chairman of the Task Force. DOE also will make this information available to the public by placing it in the reading room in the Public Environmental Information Center, DOE's information repository located near the site. This information will be provided on the first Monday of the month, beginning March 7, 1994.
- 3) DOE also will transmit a table showing *actual* shipments. (The recommended format is Enclosure B.) This information will be provided with the monthly projections, beginning March 7, 1994.

I feel this plan responds to the Task Force's January 15, 1994, request. We are ready to begin notifications March 7, 1994, if it meets with Task Force members' approval. Please call Dave Rast of my staff at 648-3138 if you have any questions.

Sincerely,

J. Phil Hamric
Manager

FN:Rast
