Mr. Thomas E. Crepeau
Manager, Data Management Section
Ohio Environmental Protection Agency
Division of Hazardous Waste Management
P. O. Box 1049
Columbus, OH 43266-0149

Dear Mr. Crepeau:

1993 RESOURCE CONSERVATION AND RECOVERY ACT ANNUAL REPORT - FERNALD ENVIRONMENTAL MANAGEMENT PROJECT

Pursuant to OAC 3745-52-41, 3745-65-75, and 3745-65-94, the Fernald Environmental Management Project (FEMP) is submitting the Generator, Facility, Process Systems, and Waste Minimization Annual Report, including the Supplementary Annual Report for 1993 Groundwater Monitoring information. The FEMP does have material which is not fully characterized for disposition. Please note a partial listing of this material beginning on page 41 of the Facility Annual Hazardous Waste Report. Schedules for completing characterization and disposition are being implemented. The FEMP is planning to review previous characterizations based on analytical or regulatory review.

Information contained in the 1992 Resource Conservation and Recovery Act (RCRA) Annual Report has been amended on a quarterly basis to account for information developed during ongoing characterization efforts and inventory reconciliation efforts. As per previous discussions and submittals to you, after submittal of the 1993 RCRA Annual Report, any characterizations of generated material completed after March 1, 1994, will be included as amendments to the 1993 RCRA Annual Report. The amendments will be included with submissions of the Quarterly Consent Decree Technical Progress Report.

If you have any questions concerning the Annual Report, please contact Ed Skintik of my staff at (513) 648-3151.

Sincerely,

J. Phil Hamric
Manager
