Dear Mr. Saric and Mr. Schneider:

**REQUEST FOR TWENTY DAY EXTENSION FOR COMMENT RESPONSE**

According to the Amended Consent Agreement, Section XII(G)(6), the United States Department of Energy (U.S. DOE) may extend the thirty day period for responding to comments on a draft report for an additional twenty days by providing notice to the United States Environmental Protection Agency (U.S. EPA). In order to more fully respond to comments and incorporate actions into the Operable Unit 2 Draft Feasibility Study/Proposed Plan/Environmental Assessment (FS/PP/EA) Report, the twenty day extension is requested. With this extension, the comment responses and revised document will be due on August 24, 1994. We look forward to meeting with you on July 22, 1994 to discuss the major comments on the Operable Unit 2 Draft FS/PP/EA Report.

If you have any questions or comments, please contact Rod Warner at (513) 648-3156, or Johnny Reising at (513) 648-3139.

Sincerely,

for Jack R. Craig  
Associate Director
