Dear Mr. Morgan:

CONTRACT DE-AC05-920R21972, Submittal of Six Addenda to the CRP

Attached for DOE review are six CRP removal action addenda. The addenda are due to U.S. EPA Monday, January 18, 1993.

The addenda have been reviewed by the appropriate FERMCO technical managers and their comments have been incorporated. If DOE has comments, please forward them to Pete Kelley as soon as possible so we may meet the deadline to U.S. EPA.

If you have no comments, the addenda may be sent to U.S. EPA. Please inform us when the addenda have been forwarded to U.S. EPA.

The addenda are for the following work plans:

- Removal Action No. 15, Scrap Metal Piles
- Removal Action No. 17, Improved Storage of Soil and Debris (Revision No. 1)
- Removal Action No. 18, Control Exposed Material in Pit 5
- Removal Action No. 22, Waste Pit Area Containment Improvement
- Removal Action No. 24, Pilot Plant Sump
- Removal Action No. 25, Nitric Acid Tank Car and Area

The Notice of Availability for these work plans ran in three local newspapers on November 4, 1993. The subsequent public comment period ran until December 18, 1993. There were no comments from the public.

**U.S. DEPARTMENT OF ENERGY
FERNALD ENVIRONMENTAL MANAGEMENT PROJECT**

**Announcement of Public Review and Comment Period
on FEMP Removal Actions**

The U.S. Department of Energy at the Fernald Field Office is accepting comments on six removal actions. Written and oral comments will be accepted for a period of 45 days following publication of this notice. The comment period may be extended by the DOE upon timely request. A responsiveness summary will be prepared and will be included in the Administrative Record File. The comments will be used in the development of the Community Relations Plan for each specific removal action and will also be considered during implementation of the removal actions. The removal actions are being established by the U.S. DOE and U.S. Environmental Protection Agency to prevent, minimize, or mitigate any threat to public health, welfare or the environment by commencing appropriate action without undue delay. The removal actions are:

- Scrap Metal Piles
- Improved Storage of Soils & Debris (Revised Plan)
- Control of Exposed Material in Pit 5
- Waste Pit Area Containment Improvement
- Pilot Plant Sump
- Nitric Acid Tank Car and Area

Copies of the work plans detailing each of these removal actions are available at: Public Environmental Information Center (JAMTEK Building), 10845 Hamilton-Cleves Road, Harrison, OH 45030 -- Monday and Thursday 9 am - 8 pm; Tuesday, Wednesday, and Friday 9 am - 4:30 pm; Saturday 9:00 am - 1:00 pm. Phone: (513) 738-0164

Written and oral comments should be directed to:
