Dear Mr. Saric and Mr. Schneider:

POSTPONEMENT OF THE QUARTERLY SYSTEM EVALUATION REPORT

Reference: Fax, T. Schneider, OEPA, to J. Craig, DOE, dated July 15, 1994

The Department of Energy (DOE) received the Ohio Environmental Protection Agency's (OEPA) comments regarding the May, 1994 "South Plume Groundwater Recovery System Design, Monitoring, and Evaluation Program Plan System Evaluation Report" on July 15, 1994. Several OEPA comments requested that additional information be provided in the report. To efficiently address OEPA's comments, the DOE requests a postponement of the next quarterly system evaluation report, scheduled for July 1994, until August 31, 1994. The additional time will allow DOE to incorporate the information into this document, thus avoiding submittal of a second document that does not contain the requested information. If this approach is acceptable to the OEPA, the August document would provide an update and revision to the May document.

If you have any questions regarding this request, please contact Kathi Nickel (648-3166) or John Stover (648-3185) at your earliest convenience.

Sincerely,

Johnny Reising
