Dear Mr. Miller

AMENDED NOTIFICATION OF ASBESTOS REMOVAL: FEMP-94-002H

The demolition of the steel structure which represent the remainder of Plant 7 has been completed. All ACM material has previously been removed, the structure itself has been reduced to intended levels. However, additional time will be necessary to complete the size reduction and packaging for disposal of the demolition material. Our present scheduling indicate that the project completion date will be November 1, 1994.

If you have any question concerning this removal, please contact Ervin Fisher of my staff at (513) 738-6053.

Sincerely,

Stephen M. Beckman
