SUBJECT: FEMP APPLICATION TO SHIP WASTE TO THE NEVADA TEST SITE, REVISION 5

TO: J. N. Fiore, NVO

This memorandum is to officially transmit to your office the Draft Fernald Environmental Management Project (FEMP) Application to Ship Waste to the Nevada Test Site (NTS), Revision 5. This application revision is for your review prior to the annual Audit of the FEMP Waste Shipping Program scheduled for the week of July 27, 1993.

This submittal includes the following:

- FEMP Application to Ship Waste to the Nevada Test Site, Revision 5, provides the waste stream information and supporting documentation for nine waste streams.

Waste Streams Include:

Process Area Scrap
Construction/Removal Action Waste
Low/High Grade Residues
Contaminated Trash
Low/High Grade Residues Compacted by Subcontractor (SEG)
Metal Melt Wastes (SEG)
Radioactively Contaminated Regulated Asbestos
Thorium Wastes
Thorium Residues

- ~~FEMP Waste Certification Program Plan, Appendix I provides the certification plan for FEMP wastes shipped to the NTS.~~
- FEMP Waste Certification Program Plan, Appendix II - provides the certification plan for wastes compacted at Scientific Ecology Group (SEG) prior to shipment to the NTS and the applicable SEG procedures for the services to be provided.
- FEMP Waste Certification Program Plan, Appendix III - provides the certification plan for metal melt wastes generated at SEG for shipment to NTS and the applicable SEG procedures for the services to be provided.
- FEMP Waste Characterization Plan.

The Fernald Field Office has provided nine copies of the Waste Application and Waste Certification Program Plan appendices to W. Boutcher of your staff for review. Controlled copies of the application with the required authorization signatures will be issued after DOE-NV approval is secured.

If you or your staff have any questions, contact Dave Rast at (513) 648-3138.
