RE: DOE FEMP
MSL #531-0297
RA 20 UNH WP-
CONDITIONAL APPROVAL

Mr. Jack Craig
Project Manager
U.S. DOE FEMP
P.O. Box 398705
Cincinnati, OH 45329-8705

Dear Mr. Craig:

This letter provides Ohio EPA's conditional approval of the Removal Action Workplan for Uranyl Hexahydrate Neutralization, Removal Action Number 20 submitted to Ohio EPA on September 6, 1994. The condition for Ohio EPA approval is that DOE revise the RAWP to include a "schedule for initiation and completion of neutralization and disposition of waste" as committed to in Phil Hamric's April 14, 1994 letter to Tom Winston. The schedule should be consistent with that provided in the Master Plan detailed in Phil Hamric's June 3, 1994 letter to Tom Winston.

If you should have any questions, please contact Tim Hull, Phil Harris, or me.

Sincerely,

Thomas A. Schneider
