to participate in the decision-making process at the Fernald Environmental Management Project concerning Operable Unit 2 which includes: the Flyash Piles, the Lime Sludge Ponds, the South Field Area, and the Solid Waste Landfill. DOE has proposed on-site disposal of Operable Unit 2 waste with off-site disposal of the portion that exceeds on-site waste acceptance criteria. Please note these upcoming activities for public involvement and comment:

1. A public workshop to discuss the potential for an on-property disposal facility at the Fernald site: **Tuesday, October 25, at 7:00 p.m. at the Plantation, 9660 Dry Fork Rd. (off I-74), Harrison, Ohio.**
2. A 30-day public comment period on the Operable Unit 2 *Proposed Plan* begins **October 26 and ends November 25, 1994.**
3. A public meeting to discuss the preferred remedial alternative for Operable Unit 2. EPA, DOE, and FERMCO managers will answer your questions and explain how they arrived at the preferred alternative. Time will be allotted to take oral and written formal comments on the *Proposed Plan* at the end of the meeting: **Tuesday, November 8, at 7:00 p.m. at the Plantation, 9660 Dry Fork Rd. (off I-74), Harrison, Ohio**

**Mark your calendar...  
Please plan to attend.**

## DOE PUBLIC WORKSHOP

The U.S. Department of Energy will conduct a public workshop to discuss the potential for an on-property disposal facility at the Fernald site. On-property disposal is one of the options being considered for disposal of the Operable Unit 2 waste/materials. Operable Unit 2 consists of the Lime Sludge Ponds, the Flyash Piles, the South Field Area, and the Solid Waste Landfill. The meeting will be held:

**Tuesday, October 25, 1994**  
**at The Plantation located at:**  
**9660 Dry Fork Road**  
**Harrison, Ohio 45030**  
**7:00 to 9:00 p.m.**

There will be a brief presentation, followed by an informal question-and-answer session.

**You are encouraged to attend and participate in the discussion.**
