Mr. Tom Schneider, Project Manager
 Ohio Environmental Protection Agency
 401 East 5th Street
 Dayton, Ohio 45402-2911

Dear Mr. Saric and Mr. Schneider:

DRAFT FEASIBILITY STUDY REPORT AND DRAFT PROPOSED PLAN FOR OPERABLE UNIT 5

The purpose of this letter is to transmit, for your review and approval, the draft Feasibility Study (FS) Report and Proposed Plan (PP) for Operable Unit 5 (OU5). The enclosed draft report represents an effort which began over a year ago to develop site-wide residual uranium and chemical cleanup levels based on a set of reasonable land use objectives. Numerous meetings have been held between Fernald Environmental Management Project (FEMP) representatives and representatives from both the United States Environmental Protection Agency (U.S. EPA) and the Ohio Environmental Protection Agency (OEPA) in order to develop a consensus approach to remediating the soils and groundwater in OU5.

The enclosed draft OU5 FS Report includes three volumes composed of the following: (1) Volume I containing the main FS report, Sections 1 through 7, and Appendices A through C, (2) Volume II containing Appendices D through G, and (3) Volume III containing Appendices H through M.

If you or your staff should have any questions, please contact Robert Janke at (513) 648-3124.

Sincerely,

for Johnny Raising
 Jack R. Craig
 Fernald Remedial Action
 Project Manager
