Dear Mr. Quaider:

This letter is in response to your correspondence dated July 6, 1994. In your correspondence you are requesting that the Bio-surge Lagoon be reclassified as a Solid Waste Management Unit (SWMU) versus a Hazardous Waste Management Unit (HWMU). After review of your submittal, Ohio EPA concurs with your position that the Bio-surge Lagoon should be reclassified as a SWMU. Please note that this letter is not granting any waivers of regulations which apply to SWMUs.

If you have any questions, please contact me at (513) 285-6083.

Sincerely,

Mark W. Metcalf  
Environmental Specialist  
Division of Hazardous Waste Management
