RE: DOE FEMP
MSL #531-0297
APPROVAL-
PENETROMETER TESTS

Mr. Jack Craig
Project Manager
U.S. DOE FEMP
P.O. Box 398705
Cincinnati, OH 45329-8705

Dear Mr. Craig:

This letter is to provide Ohio EPA approval of the proposed penetrometer testing in the eastern part of the FEMP as defined in Johnny Reising's (DOE) September 30, 1994 letter to Jim Saric (USEPA) and Tom Schneider (Ohio EPA). Ohio EPA requests that DOE provide a schedule for field work as soon as one is developed, so that we may provide field oversight of these activities. In addition, Ohio EPA expects that DOE and FERMCO will ensure our access to the drilling location such that proper oversight may be conducted.

If you should have any questions, please contact Tim Hull or me.

Sincerely,

Thomas A. Schneider
