RE: Policy For Aqueous  
Investigation Derived Wastes

Dear Mr. Craig:

The United States Environmental Protection Agency (U.S. EPA) has reviewed the United States Department of Energy's (U.S. DOE) Policy for Management of Aqueous Investigation Derived Wastes (IDW). This policy discusses how U.S. DOE will manage aqueous wastes derived from investigations at the Fernald Environmental Management Project.

U.S. EPA hereby approves the aqueous IDW policy. If you have any questions regarding this matter please contact me at (312) 886-0992.

Sincerely,

James A. Saric
