RE: Approval of Change Pages for
Revision 0.3 of SCQ

Dear Mr. Craig:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's changed pages for Revision 0.3 of the Sitewide Comprehensive Environmental Response, Compensation, and Liability Act Quality Assurance Project Plan (SCQ).

The revisions reflect changes made to the Glossary, and Appendices B, J, and K modifying two groundwater field sampling techniques. The micro-purge and well installation techniques have been discussed in previous meetings.

Therefore, U.S. EPA hereby approves the changes for revision 0.3 of the SCQ. Please contact me at (312) 886-0992 if you have any questions.

Sincerely,

James A. Saric
