RE: Extension Request Regarding the
OU 5 Draft Record of Decision

Dear Mr. Craig:

On August 3, 1995, the United States Environmental Protection Agency (U.S. EPA) received a copy of the United States Department of Energy's (U.S. DOE) Operable Unit (OU) 5 Draft Record of Decision (ROD). The ROD addresses actions to mediate soil and groundwater contamination at the site. The ROD also contains deviations from the Proposed Plan that require further discussion. A meeting to discuss these deviations will be held on September 5, 1995.

Therefore, pursuant with Section XII.G.2 of the 1991 Amended Consent Agreement U.S. EPA is extending the period for providing comments on the draft ROD document by twenty (20) days. U.S. EPA's comments will be submitted to U.S. DOE by September 22, 1995.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric, Remedial Project Manager
