Dear Mr. Reising:

This letter serves as approval of the South Field Injection Test Plan received by Ohio EPA on September 1995. As additional clarification to a recent letter from the Ohio EPA Division of Drinking and Ground Waters (letter from Valerie J. Orr to Jack R. Craig dated September 5, 1995), it is not Ohio EPA practice to require permits for injection tests of this type provided that no threat is posed to drinking water sources.

If you have any questions, please call Mike Proffitt at (513) 285-6449 or Tom Ontko at (513)285-6073.

Sincerely,
