Dear Mr. Reising:

The Ohio EPA has reviewed the Draft Final Version of the Plant 1 Complex-Phase 1 Implementation Plan for Interim Remedial Action which was received in our office on January 11, 1996. Based upon this review, the Ohio EPA hereby approves this document based upon the understanding that DOE shall evaluate the recycling of OU3 D&D materials on a project specific basis, and include such language in all future implementations plans.

Should you have any questions, please feel free to contact Tim Hull at (513) 285-6075.

Sincerely,
