Dear Mr. Saric and Mr. Schneider:

**PROPOSAL FOR STREAMLINING REPORTING REQUIREMENTS FOR REMOVAL  
ACTION 12, SAFE SHUTDOWN**

**References:** Letter, Johnny W. Reising to James A. Saric and Tom Schneider, "Phase VII Removal Actions and Reporting Requirements under the Fernald Environmental Management Project Legal Agreements," dated January 19, 1996.

Letter, Thomas A. Schneider to Johnny W. Reising, "Approval - RA Update and Reporting Requirement Changes," dated January 31, 1996.

Letter, James A. Saric to Johnny W. Reising, "Phase VII Removal Actions and Reporting Requirements," dated February 21, 1996.

Recently the U.S. Environmental Protection Agency (U.S. EPA) and the Ohio Environmental Protection Agency (OEPA) approved a request to streamline reporting requirements under legal agreements for the Fernald Environmental Management Project (FEMP) site. Pursuant to discussions on March 19, 1996, this is to formally request that reporting requirements under Removal Action 12, Safe Shutdown, be revised. The current requirement is to provide an annual submission of safe shutdown procedures. It is proposed that future submissions be provided on an as-needed basis when revised procedures cause programic changes to Removal Action 12.

If you have any questions, please contact John Trygier at (513) 648-3154.

Sincerely,

Johnny W. Reising  
Fernald Remedial Action  
Project Manager
