APRIL 23

**Mark your calendar...
Please plan to attend.**

3950 4/96

You Are Invited

to participate in the decision-making process at the Fernald Environmental Management Project. The U.S. Department of Energy (DOE) invites you to attend a public hearing on the *Proposed Plan for the Operable Unit 3 Final Remedial Action*.

Operable Unit 3 comprises buildings and equipment associated with the Fernald site's former Production Area. The Proposed Plan identifies the remedial alternatives being considered for the safest, most cost-effective treatment and disposition of Fernald's buildings and associated materials, including DOE's preferred remedial alternative. The preferred alternative is selected material treatment, on-property disposal, and off-site disposition.

Following opening presentations and a question-and-answer session, DOE will hold a formal hearing to accept written or oral comments on the Proposed Plan. The 30-day public comment period for the Proposed Plan began April 3, 1996. DOE will accept public comments any time during the comment period.

The hearing will be held Tuesday, April 23, from 7 p.m. to 9 p.m. at:

**The Plantation
9660 Dry Fork Road
Harrison, Ohio**

Representatives will also be available at 6:30 p.m. to discuss Operable Unit 3 remediation and answer questions before the hearing begins.

For more information on the hearing or to submit comments on the Proposed Plan, please contact:

**Gary Stegner, Public Information Director
DOE Fernald Area Office
P.O. Box 538705
Cincinnati, OH 45253-8705
(513) 648-3153**

*Copies of the Proposed Plan are available to the public at the Fernald Public Environmental Center,
10845 Hamilton-Cleves Highway (S.R. 128), Harrison, Ohio, 45030, (513) 738-0164.*
