Cincinnati, Ohio 45210

Dear Mr. Sturdevant:

WITHDRAWAL OF THE OEPA PERMITS TO OPERATE (PTO) FOR THE TWO 100 MMBTU COAL-FIRED BOILERS AND OF THE TITLE V PERMIT APPLICATION OF THE FERNALD ENVIRONMENTAL MANAGEMENT PROJECT - (OEPA) PREMISE NO. 1431110128 B001 AND B003

As of June 21, 1996 the two 100 MMBTU/HR coal fired boilers located at our facility have ceased operations and have been permanently shutdown. These boilers were operated under permits to operate B001 and B003. We do not intend to restart these sources and are thereby surrendering our permits to operate.

With the shutdown of these sources the FEMP is no longer considered a major source as defined in OAC 3745-77-01(W) and as such is no longer required to obtain a Title V air permit. We request that the FEMP be removed from the list of Title V sources and that our Title V permit application be withdrawn from consideration. We understand that in this event we will continue to be regulated under the OAC 3745-35 rules for individual sources.

Please contact Ervin Fisher, of my staff, at (513) 648-5293 if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "T. J. Walsh".
