Cincinnati, Ohio 45253-8705

Dear Mr. Craig:

This letter is in response to your August 1, 1996 fax to Mr. Paul Pardi and Mr. Mike Savage regarding the processing of Material Evaluation Form (MEF) 1906 waste through the Mixed Waste Stabilization Project (MWSP). As discussed with Mr. Doug Abbott during a telephone conference August 2, 1996, the Ohio EPA concurs with the proposed processing of MEF 1906 waste through the MWSP. Ohio EPA requests that FEMP provide revisions to the approved MWSP Technology Specific Workplan addressing the treatment and disposal of the additional waste stream.

The above requested information should be submitted to Mr. Paul Pardi of the Division of Hazardous Waste Management, Ohio EPA's Southwest District Office. Please contact me at (513) 285-6083 should you have any questions concerning the above.

Sincerely,

Christopher M. Budich
Environmental Specialist
