Dear Mr. Reising:

This letter serves as Ohio Environmental Protection Agency approval of the "Revised Addenda to Revision 3 of the Removal Action 17 Work Plan" received by Ohio EPA on September 12, 1996. This letter also serves as approval for the open, bulk storage of certain categories of materials generated from the decontamination and demolition on the Plant 1 Pad. This approval for storage is limited to debris that is similar to the debris from Plant 4 that has already been verbally approved.

If you have any questions, please contact Tom Ontko or me.

Sincerely,

Thomas A. Schneider
