Mr. Johnny Reising
U.S. DOE-FEMP
P.O. Box 398705
Cincinnati, Ohio 45239-8705

Dear Mr. Reising:

The Ohio EPA (OEPA) received the Department of Energy's (DOE) response to OEPA's August 12, 1996 comments regarding the Fernald Environmental Management Project (FEMP) Mixed Waste Chemical Treatment Project Neutralization, Precipitation, Deactivation, and Stabilization (NPDS) Technology Specific Work Plan on October 1, 1996. The response included a discussion of each comment, proposed actions, and revised pages for inclusion in the Work Plan. DOE's response was reviewed by OEPA's Division of Hazardous Waste Management (DHWM).

Based on this review, OEPA approves the revisions to the FEMP Mixed Waste Chemical Treatment Project NPDS Technology Specific Work Plan.

Should you have any questions concerning the above please contact Mr. Chris Budich of the DHWM at 937-285-6083.

Sincerely,

Thomas A. Schneider
