RE: DOE FEMP  
MSL #531-0297  
CONDITIONAL APPROVAL -  
LIQUID WASTE PROPOSAL

Mr. Johnny Reising  
U.S. DOE FEMP  
P.O. Box 398705  
Cincinnati, OH 45329-8705

Dear Mr. Reising:

Ohio EPA has reviewed DOE's August 7, 1996 submittal "Proposal to Treat Liquid Wastes Under Existing Removal Actions." Based upon our review of this letter and previous discussions with DOE and FERMCO, Ohio EPA approves the proposed actions with the following request: A one time revision of the STP to document this procedure should be completed. In that revision, DOE should state that treatment of the bulked wastes will be completed within 90 days of the initiation storage of such wastes in order to prevent the creation of additional Hazardous Waste Management Units.

If you should have any questions, please contact me at (513) 285-6466.

Sincerely,

Thomas A. Schneider
