Dear Mr. Saric and Mr. Schneider:

**CLOSURE OF ADMINISTRATIVE RECORD FILE FOR REMOVAL ACTION 27 -
MANAGEMENT OF CONTAMINATED STRUCTURES**

The Department of Energy, Fernald Field Office, is closing the Administrative Record file for Removal Action (RvA) 27. This action was originally opened to remediate twenty-five structures within Operable Unit 3 (OU3). Prior to the implementation of RvA27, the need for the action was negated by the approval of the OU3 Record of Decision for Interim Remedial Action (Irod). Consequently, the work planned to be completed under RvA27 will be completed under the remedial activities of OU3. Accordingly, the Administrative Record file for RvA27 is closed. All follow-on work will be documented in the Post Record of Decision file for OU3.

This letter will be placed in the Administrative Record for RvA27 and will provide an audit trail to show that this action is closed and where to find the documentation for all follow-on work.

Sincerely,

**Gary Stegner
Public Information Officer
Fernald Area Office**
