Ms. Janet Sauerwein
[REDACTED]

Dear Ms. Sauerwein:

COMMUNITY MEETING

This letter is in response to the comment card you completed during a recent Community Meeting conducted by the Feed Materials Production Center.

We welcome your interest in the activities at the Feed Materials Production Center and thank you for attending the Community Meeting. Because you have expressed an interest, we have enclosed the most recent issue of the FMPC Update, a community report on FMPC activities. I also want to insure that you are aware of the public reading rooms maintained by the Feed Materials Production Center; one here at the FMPC site and the other at the Lane Public Library. These reading rooms contain a wide range of information regarding materials processing and environmental activities at the site.

Your name has also been added to our mailing list. As a result, you will be receiving a copy of the FMPC Update on a quarterly basis as well as copies of any special information notices.

If we can be of assistance or provide further information, please contact Renae Cook at 738-6934.

Sincerely,

James A. Reafsnider
Site Manager
