Dear Sir:

30-DAY NOTIFICATION FOR UNDERGROUND STORAGE TANK CLOSURE

Reference: Letter, DOE-496-89, J. A. Reafsnyder to W. A. Hennosy, Ohio Department of Commerce, Division of State Fire Marshal, "Registration Permit Application and Fee for Underground Storage Tanks (USTs)," dated February 1, 1989

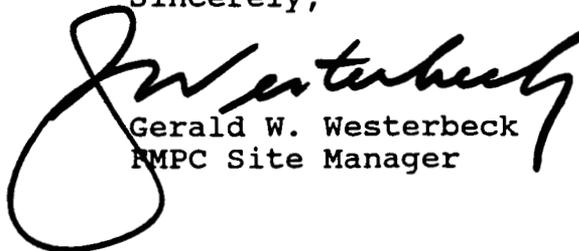

The purpose of this letter is to provide written notification of our intent to permanently close additional petroleum underground storage tanks. This letter is provided at least 30 days in advance of the day physical removal activities are scheduled to begin.

The referenced letter identifies and provides for registration of 13 tanks. Of the 13 identified tanks, tank nos. 1, 2, 6, 8, 9, 10, 11, 12, 13 and 14 have had 30-day notifications submitted previously. This 30-day notification is for the Feed Materials Production Center (FMPC) UST #3 which was until recently intended to be kept in service. Enclosed is the information requested by the permit.

An application for a permit to close the tank has been submitted to the Division of State Fire Marshal, Inspection Bureau, as required.

If you have any questions, please contact David Rast, of my staff,
at (513) 738-6322.

Sincerely,

Gerald W. Westerbeck
