WMCO:PA:90-175
June 19, 1990

Mrs. Lisa Crawford
FRESH Spokesperson
[REDACTED]

Dear Lisa:

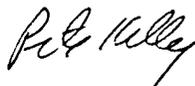

Per your request, I have collected some information regarding air, soil, and water samples and dosimeter (TLD) badges.

WMCO's lab is capable of reading some of the air, soil, and water samples on-site. Two additional labs, IT Radiological Lab (Oak Ridge, TN) and NET Labs (Dayton, Ohio), are used occasionally to check for accuracy and to conduct tests that our lab cannot handle due to the balance of work.

The dosimetry or TLD badges are read on-site by our trained dosimetry personnel.

If you have any questions, or need additional information, please call me at 738-6644.

Sincerely,

Pete Kelley, Manager
Public Affairs
