Dear Emergency Responder:

ISSUANCE OF REVISION 5.0 OF THE FERNALD ENVIRONMENTAL MANAGEMENT PROJECT'S RESOURCE CONSERVATION AND RECOVERY ACT CONTINGENCY PLAN

Enclosed is Revision 5.0 of the Fernald Environmental Management Project's (FEMP) Resource Conservation and Recovery Act (RCRA) Contingency Plan. The RCRA Contingency Plan has been revised to include the following information:

1. Details on location, waste types, evacuation routes and lists of safety and emergency equipment have been provided for three additional hazardous waste storage areas. These areas are the Hazardous Waste Storage Lockers, Liquid Mixed Waste Bulk Tanks, and Quonset Hut #1 (Building 60). Tank T-2 has been removed from the list of Hazardous Waste Management Units (HWMU) in Attachment G-1 since remedial activities have been completed for this unit.
2. Changes to the FEMP's fire protection system have been incorporated into this plan. These include the installation of a Domestic and Fire Water Storage Tank and Booster Tank to replace the existing storage and pumping system and the deactivation of the fire suppression system for the CP Storage Warehouse (Building 56).
3. Information regarding the FEMP's internal/external communications and alarm systems has been updated and the plan has been revised to reflect organizational changes.
4. Attachment G-1 has been revised to address changes to evacuation routes and lists of safety and emergency equipment associated with FEMP HWMU.
5. Maps are provided to update the information in Attachment G-2, Location of FEMP Fire Hydrants.

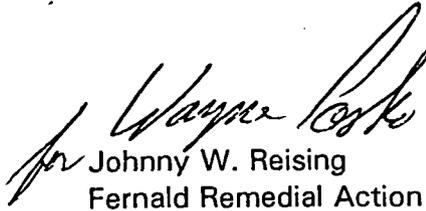

Revision 5.0 replaces all previous revisions to the FEMP's RCRA Contingency Plan. The revised plan is currently being reviewed by the Ohio Environmental Protection Agency (OEPA), but it is not anticipated that there will be any changes. Any revisions resulting from OEPA review will be transmitted at a later date.

A confirmation receipt request is included as Enclosure 2. Please provide the information requested and return the form to:

Attn: Elizabeth Brucken, MS 65-2
Fluor Daniel Fernald, Inc.
