Mr. Michael Savage, Assistant Chief
Ohio Environmental Protection Agency
Division of Hazardous Waste Management
1800 Watermark Drive
Columbus, Ohio 43216-1049

Dear Mr. Pardi and Mr. Savage:

SITE TREATMENT PLAN REVISIONS

On March 25, 1999, Fluor Daniel Fernald, Inc. (FDF) and Department of Energy (DOE) representatives conferred with Mr. Phil Harris and Mr. Paul Pardi to discuss mixed waste management issues at Fernald Environmental Management Project (FEMP).

During this meeting, some discussion focused on the letter dated December 31, 1998, J. Craig to P. Pardi and M. Savage, *Notification of the Need to Amend the Fernald Site Treatment Plan*. The amendment reflected the relocation of the thorium mixed waste to the Plant 1 Pad for evaluation of stabilization. The amendment was proposed with the intention of maintaining conformance with the Ohio Environmental Protection Agency (OEPA) Director's Final Findings and Orders (DF&O), Section V.1.D.iii, as issued on October 4, 1995.

At this time, DOE requests that the OEPA withdraw the December 31, 1998, notification of need to amend the Site Treatment Plan (STP).

Since FEMP is currently evaluating Nuclear Material Disposition options, the OEPA Representatives suggested FEMP submit a request to withdraw the December 1998 Notification of Need to amend the STP. The schedule of Nuclear Material Disposition and its potential impact to mixed waste will be a matter for discussion with the OEPA in June 1999.

Mr. Paul Pardi
Mr. Michael Savage
