RE: RTC for Preliminary
Design of OSDF

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Responses to Comments (RTC) on the preliminary design package for the On-Site Disposal Facility (OSDF).

The RTC have adequately addressed U.S. EPA's comments on the thirty (30) percent design package. U.S. EPA is currently reviewing the sixty (60) percent design package for the OSDF.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
