RE: OU 2 Test Pad Work Plan

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Response to Comments (RTC) and revised Test Pad Work Plan for the on-site disposal facility. Draft RTC were faxed to U.S. EPA on April 10, 1996 for initial review.

The RTC adequately address all of U.S. EPA's previous comments and incorporates them into the revised work plan.

Therefore, U.S. EPA approves the test pad work plan.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely

James A. Saric
