RE: RTC on Haul Roads

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Response to Comments (RTC) for the haul road and rerouted north entrance road design criteria package.

The RTC has adequately addressed all of U.S. EPA's previous comments on the preliminary (30-percent) design criteria package.

U.S. EPA is currently reviewing the pre-final design package and will forward comments when completed.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
Remedial Project Manager
Federal Facilities Section
SFD Remedial Response Branch #2
