RE: OU 4 Silo
Superstructure Design
RTC

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Operable Unit (OU) 4 Silo superstructure final (100%) design package Response to Comments (RTC).

The RTC adequately addressed U.S. EPA's previous comments. U.S. EPA also concurs with U.S. DOE's request to resubmit the final design on September 16, 1996.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
Remedial Project Manager
Federal Facilities Section
SFD Remedial Response Branch #2
