Fernald Site Documents

If you have any comments on these documents, please call or write to:

Mr. Gary Stegner
Public Information Director
U.S. Department of Energy
Fernald Area Office
P.O. Box 538705
Cincinnati, Ohio 45253
513-648-3153
fax: 513-648-3073

For timely information on Fernald-related meetings and documents available for public comment or inspection, call the Fernald community information line at 513-648-6272.

The following Fernald site documents are available for public inspection at the Public Environmental Information Center (PEIC), 10845 Hamilton-Cleves Highway, Harrison, Ohio, 513-738-0164.

▼ **Draft Operable Unit 3 Boiler Plant/Water Plant Complex Implementation Plan for Above-Grade Decontamination and Dismantlement**

The implementation plan identifies design and field activities for decontamination and dismantling of the above-ground portions of the Boiler Plant/Water Plant Complex at the Fernald Environmental Management Project (FEMP). The complex includes the Boiler Plant; the Boiler Plant Maintenance Building; the Water Plant; Cooling Towers and six other components.

The Department of Energy (DOE) submitted the plan to the U.S. Environmental Protection Agency (EPA) and Ohio EPA for review on Sept. 12, 1996.

▼ **The Operable Unit 3 Record of Decision for Final Remedial Action**

On Sept. 24, 1996, U.S. EPA, Ohio EPA and DOE issued the *Operable Unit 3 Record of Decision for Final Remedial Action*. This is the final remedy decision for cleanup of the site's former production area, and marks the last record of decision for the FEMP's five operable units.
