Dayton, Ohio 45402-2911

Dear Mr. Saric and Mr. Schneider:

IMPLEMENTATION OF OPERABLE UNIT 5 RECORD OF DECISION - TREATMENT OF DISCHARGES AT THE FERNALD ENVIRONMENTAL MANAGEMENT PROJECT

Reference: Letter DOE-0529-96, Johnny Reising to James A. Saric, USEPA, and Tom Schneider, OEPA, "Implementation of Operable Unit 5 (OU5) Record of Decision - Treatment of Discharges at the Fernald Environmental Management Project," dated February 16, 1996.

Pursuant to Section 9.1.5 of the Operable Unit 5 (OU5) Record of Decision (ROD) the Department of Energy, Fernald Environmental Management Project (DOE-FEMP) is required to provide written notification to the U.S. Environmental Protection Agency (U.S. EPA) and the Ohio Environmental Protection Agency (OEPA) within seven days of initiating a bypass of storm water directly to the Great Miami River. Information requirements for this notification were defined in the reference.

The FEMP initiated a storm water bypass at 6:45 am, local time, on September 28, 1996, and lasted until 1:00 pm local time on September 29, 1996. A total of 2,256,000 gallons of storm water were bypassed during this period. This bypass was necessary in an attempt to prevent an overflow of the storm water retention basins.

If you have any questions regarding our implementation of these requirements, please contact Robert Janke at (513) 648-3124, or John Kappa at (513) 648-3149.

Sincerely,

Johnny W. Reising
Fernald Remedial Action
Project Manager
