Document Available for Public Inspection

775

◆ *Draft Final Decision Methodology for Fernald Material Disposition Alternatives, May 1997*

Formerly called the *Decision Methodology for Fernald Scrap Metal Disposition Alternatives*, the document is now available for public review in the Public Environmental Information Center, 10845 Hamilton-Cleves Road, Harrison, OH, 738-0164.

The Department of Energy Fernald Environmental Management Project (DOE-FEMP) revised the document to simplify application of the methodology for future decontamination and dismantlement projects and to reflect stakeholder comments. Stakeholders can submit oral or written comments on the revised methodology to:

Gary Stegner
U.S. Department of Energy
Fernald Environmental Management Project
P.O. Box 538705, Cincinnati, OH 45253-8705

Comments are due to DOE-FEMP by June 30. For more information on the document, or opportunities for public involvement, call Gary at (513) 648-3153.
