Community
Reuse
Organization**

ANNOUNCEMENT

The Fernald Community Reuse Organization (CRO) has canceled its August 5 meeting to concentrate efforts on contracting the services of an economic development professional to assist the CRO in performing its mission under a start-up grant with the U. S. Department of Energy.

The CRO has developed a Request for Proposal (RFP) outlining specific qualifications, work scope and schedule requirements. The CRO plans to issue the RFP in late July. Copies of the RFP will be available on the CRO's Web site (<http://www.fernald.gov>), "Stakeholder/CRO" section, or by mail.

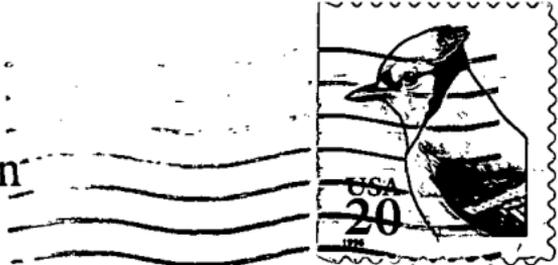

For more information on the CRO, the RFP, or future CRO meetings, please call the Fernald CRO message line, (513) 648-4168, or contact Julie Loerch, (513) 648-4071.
