RE: Building 4A Completion Report

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) comment responses for the Building 4A Complex Decontamination and Dismantlement (D&D) project completion report.

U.S. DOE has adequately addressed U.S. EPA's previous comments and provided sufficient detail regarding wastewater collection and the waste tracking database.

Therefore, U.S. EPA approves the Building 4A Complex D&D completion report. U.S. DOE must submit a revised final completion report within thirty (30) days receipt of this letter.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
