Reference: Letter; 9/24/97, J. Craig, DOE, to P. Pardi, OEPA, "PROPOSED STRATEGY FOR ADDRESSING REVISIONS TO THE FERNALD ENVIRONMENTAL MANAGEMENT PROJECT'S RESOURCE CONSERVATION AND RECOVERY ACT PART A/B PERMIT APPLICATION."

Dear Mr. Craig:

The Ohio EPA Division of Hazardous Waste Management has reviewed DOE-FEMP's proposal concerning revisions to the facility's Part A/B Permit Application. The Permit Application is referenced in the June 1996 Director's Findings and Orders. This office concurs with the strategy as outlined, with the following stipulations:

1. Any substantial changes to on-site hazardous waste management which would effect implementation and operation of the facility Part B Application Contingency Plan shall not be subject to revision by annual update.
2. The due date for submittal of Part A and Part B revisions shall be May 31, 1998, and annually thereafter.

If you should have any questions or comments, please contact me at (937) 285-6090.

Sincerely,

Phillip C. Harris
Division of Hazardous Waste Management
