RE: A1, P2 Perched Water  
Sampling at the Sewage  
Treatment Plant PSP

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Project Specific Plan (PSP) for the Area 1, Phase 2 perched water sampling at the sewage treatment plant.

This document provides a plan for sampling and analysis of perched water in the sewage treatment plant area.

U.S. EPA's concurs with U.S. DOE's overall approach. Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric  
Remedial Project Manager  
Federal Facilities Section  
SFD Remedial Response Branch #2
