RE: Paddy's Run  
 Stabilization WAC  
 Attainment

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Response to Comments (RTC) on the Waste Acceptance Criteria (WAC) attainment of collapsed soil in Paddy's Run creek.

U.S. EPA has adequately addressed U.S. EPA's previous comments. Since the work was completed in October 1997, no further action is required.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric  
 Remedial Project Manager  
 Federal Facilities Section  
 SFD Remedial Response Branch #2
