Dear Mike:

This letter is to confirm that the Ohio Environmental Protection Agency, Office of Federal Facilities Oversight (OFFO) proposes that the newly combined Agreement In Principle (AIP) and Cost Recovery monitoring and oversight grants remain separate and approved as submitted. This proposal is for the 5th year grant for funding monitoring and oversight at the Mound and Fernald sites.

During negotiations in October 1998, OFFO will entertain combining the two grants into one monitoring and oversight grant for the next five year period.

Sincerely,
