RE: A9,PI PSPs

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Area 9, Phase I (A9,PI) Project Specific Plans (PSP) for precertification physical sampling and real-time scan.

The A9,PI PSPs appear adequate for precertification activities. However, U.S. EPA has a few minor comments.

Therefore, U.S. EPA approves the A9,PI PSPs pending receipt of adequate responses to the attached comments. U.S. DOE must submit responses to comments and a revised document with thirty (30) days receipt of this letter.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

 James A. Saric
 Remedial Project Manager
 Federal Facilities Section
 SFD Remedial Response Branch #2
